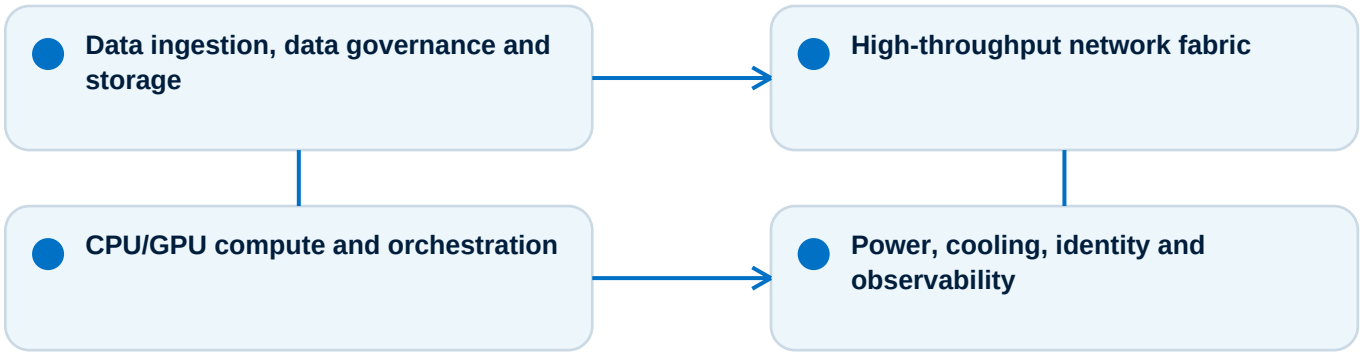
TECHNICAL REFERENCE / SOLUTION ARCHITECTURE

AI INFRASTRUCTURE

Accelerated compute and governed data processing

01 / CONCEPTUAL TOPOLOGY



Simplified conceptual layers, not final connection or resilience engineering.

02 / ENGINEERING DISCOVERY

- Model workloads, latency, throughput and concurrency
- Software licensing, hosting location and storage growth
- Facility feasibility and support operations

FROM REFERENCE TO REQUEST FOR QUOTATION

Please provide project locations, proposed quantities, existing systems, required outcomes and target dates. KABO confirms OEM options, integration, stock and pricing per request.
