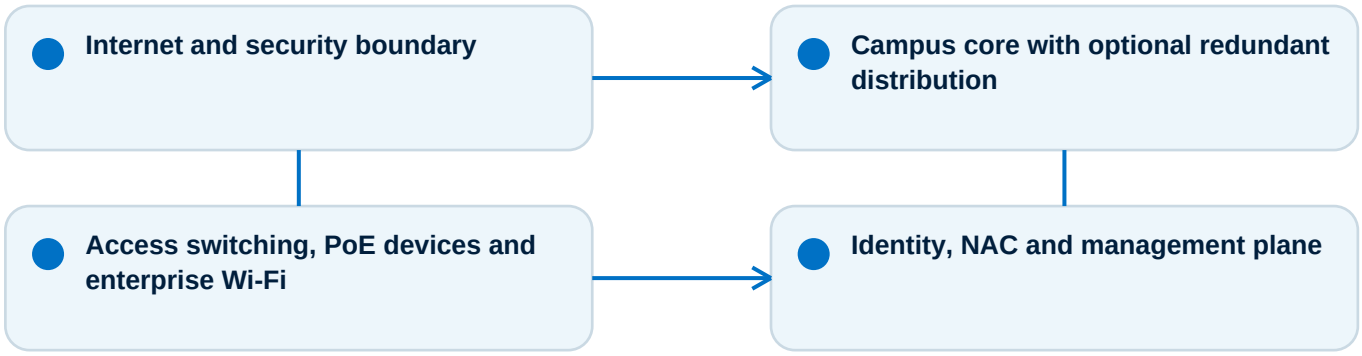
TECHNICAL REFERENCE / SOLUTION ARCHITECTURE

CAMPUS & ENTERPRISE NETWORKING

Wired and wireless connectivity designed as one estate

01 / CONCEPTUAL TOPOLOGY



Simplified conceptual layers, not final connection or resilience engineering.

02 / ENGINEERING DISCOVERY

- Building survey, cabling pathways and uplink capacity
- Wi-Fi RF, power budgets and segmentation
- Uptime requirements, growth and monitoring responsibilities

FROM REFERENCE TO REQUEST FOR QUOTATION

Please provide project locations, proposed quantities, existing systems, required outcomes and target dates. KABO confirms OEM options, integration, stock and pricing per request.
